

# Times To Lay Low in 2017

Times To Lay Low in 2017

## January Planetary Movements

Mercury goes Direct Jan 7

Times To Lay Low in 2017

## February Planetary Movements

Jupiter goes retrograde Feb 6

# Times To Lay Low in 2017

## March Planetary Movements

Venus Goes retrograde March 4  
Jupiter retrograde

# Times To Lay Low in 2017

## April Planetary Movements

Saturn goes retrograde on April 6

Mercury goes retrograde on April 9

Pluto goes retrograde April 20

Venus retrograde until April 15

Jupiter retrograde

# Times To Lay Low in 2017

## May Planetary Movements

Saturn retrograde

Mercury goes direct on May 3

Pluto retrograde

Jupiter retrograde

# Times To Lay Low in 2017

## June Planetary Movements

Jupiter goes direct June 9

Neptune goes retrograde June 16

Saturn retrograde

Pluto retrograde

# Times To Lay Low in 2017

## July Planetary Movements

Neptune retrograde

Saturn retrograde

Pluto retrograde

# Times To Lay Low in 2017

## August Planetary Movements

Uranus goes retrograde on August 3  
Mercury goes retrograde on August 13  
Neptune retrograde  
Saturn retrograde until August 25  
Pluto retrograde

# Times To Lay Low in 2017

## September Planetary Movements

Mercury goes direct on September 5

Uranus retrograde

Neptune retrograde

Pluto retrograde until September 26

Times To Lay Low in 2017

## October Planetary Movements

Uranus retrograde  
Neptune retrograde

# Times To Lay Low in 2017

## November Planetary Movements

Uranus retrograde

Neptune retrograde until November 22

# Times To Lay Low in 2017

## December Planetary Movements

Mercury goes retrograde December 3

Mercury goes direct December 23

Uranus retrograde

# Contemplation:

- ◆ When planets reverse their direction and go retrograde, it is a time when we can go within, as well and take a deeper look at our goals, challenges, relationships, finances and more.
- ◆ What have you noticed about the times when the planets were retrograde?
- ◆ Do you notice a shifting of energy when they move direct?
